Dear Mr. Neave:

On January 16, 2009, the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety (OPS), issued a Consent Order (Order) for the above-referenced case to Williams Gas Pipeline Company, LLC, now Transcontinental Gas Pipe Line Company, a subsidiary of Williams Partners L.P., itself a subsidiary of The Williams Companies (Williams). This Order incorporated the terms of a Consent Agreement signed by both OPS and Williams. This Consent Agreement resulted from a Notice of Probable Violation and Proposed Civil Penalty and Proposed Compliance Order that was issued to Williams on December 29, 2005. The terms were modified since the signing of the Consent Agreement.

Williams has implemented the requirements of the Consent Agreement. This letter is to inform you that no further action is contemplated and this case is now closed. Thank you for your cooperation in this matter.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
